Program Description

The accounting program at Snow College equips students with essential skills in financial analysis, budgeting, and the interpretation of financial statements. Accounting is a critical field for students interested in understanding the financial health and operations of businesses, organizations, and individuals. It is particularly well-suited for those who aspire to play a key role in decision-making processes by providing accurate and meaningful financial information.

Program Outcomes

A student who completes an associate degree in Accounting will be able to do the following.

- Professionalism. Students will be able to design an educational and/or career pathway that establishes a direction for their overall professional goals.
- Communication. Students will be able to deliver oral presentations that are customized for the intended audience, well organized, and effectively delivered.
- Communication. Students will be able to deliver oral presentations that are customized for the intended audience, well organized, and effectively delivered.
- Technology. Students will be able to complete a project using business technology to solve real-world business problems in a changing and dynamic workplace.
- Technology. Students will be able to complete a project using business technology to solve real-world business problems in a changing and dynamic workplace. Students will be able to produce professional-looking documents and projects using industry-standard hardware and software tools.
- Substantive Knowledge. Students will be able to apply knowledge of local and national laws as they relate to business.

Requirements

Make the Most of Your Time at Snow

The requirements below will earn you an associate degree, but Snow offers other prerequisites that you will need for your bachelor's degree. Students are encouraged to more fully prepare for transfer by completing the suggested plan of study. (p. 1)

AS Requirements

To earn an AS in Accounting at Snow College, students must complete 60 credits, including the general education requirements (<https://snow->

[next.courseleaf.com/general-education/](https://snow-next.courseleaf.com/general-education/)) and the following major requirements.

Code	Title	Hours
ACCT 2010	Financial Accounting	3
ACCT 2020	Managerial Accounting	3
One of the following		
BUS 1060	QuickBooks for Small Business	
ACCT 1200	Basic Income Tax Preparation	

Another Available Degree

While the AS is recommended, students can earn an AA in Accounting by completing the foreign language requirement (<https://snow-next.courseleaf.com/program-details/aa-requirements/>) as part of their 60 credits.
