The Theater and Dance Department houses two dynamic programs.

The Snow College Dance program welcomes students of all backgrounds and abilities, including those who have never taken a dance class before. Course offerings include classes in beginning to advanced level ballet, contemporary modern, jazz, tap, improvisation, dance conditioning, and choreography. Whether you plan to major in dance or are just looking for a way to get some movement in your day, our dance classes are for you!

The theatre program at Snow College is built to encourage growth in many areas. From carpentry, costuming, and color theory to plentiful performance opportunities, our department prepares students for a career in theatre by exposing them to a wide array of experiences. Students enjoy a vibrant, creative, and supportive atmosphere as they explore the world of theatre performance and production.
