Department Webpage: https://www.snow.edu/academics/social_science/behavioral_science/index.html (https://www.snow.edu/academics/social_science/behavioral_science/)

The Behavioral Sciences department explores human behavior, social systems, and community well-being. Department degrees prepare students to understand individuals, institutions, and societies while developing skills for service-oriented and professional careers. Faculty emphasize critical thinking, ethical practice, research, and cultural awareness.
